

MEJRAM

Stageplot - Rider

(stage back)
Stage width at least 6 meters
Stage depth at least 2 meters

(stage front)

Audience

Technical requests:

4 x stage monitors

4 x vocal microphones on boom stands

6 x DI/Line boxes (5 tele, 1 XLR)

Microphones for drum kit

1 x violin microphone (DPA d:vote core 4099 or similar)

* microphones for acoustic piano, in case there is one available

Backline:

1 x bass amplifier

1 x acoustic drum kit (digital is not ok)

4 x monitors

1 x piano (acoustic is preferred, digital is also ok)

*If there's an acoustic piano (upright or grand) that we can use at the venue, please let us know ahead of time.

Rider:

In connection with the concert Mejram would like to have one hot dinner (1 regular + 3 vegan) and nearby hotel accommodation if needed (incl. breakfast). We would like to have access to a dressing room with private WC and in the dressing room we would like to have some vegan snacks, chips, fruit, candy etc. and soft drinks. And some pens and papers.

If the arranger creates a facebook-event-page for the concert, Mejram would like to be assigned the position of co-host.

If the venue is unable to meet the specified requests, please let us know ahead of time. We will probably be able to figure out a solution together.

Thanks,

Mejram
